COLLEGES ACCEPTING CREDIT TRANSFERS

All colleges and universities reserve the right to accept credits from any other college based on their own criteria (i.e. correlating courses, minimum grade, residency requirements, etc.). Below is a list of colleges that have accepted RBC credits over the last few years. Schools marked with “ * ” denote colleges and universities that have accepted most if not all of the RBC credits taken for students who had attended RBC at least 18 credit hours. Students are advised to confirm transferability of RBC credit with the institutions in which they have interest. RBC’s academic office may be able assist with transfer difficulties if they are encountered.
